

I say that is a
pretty rectangle
present over there.

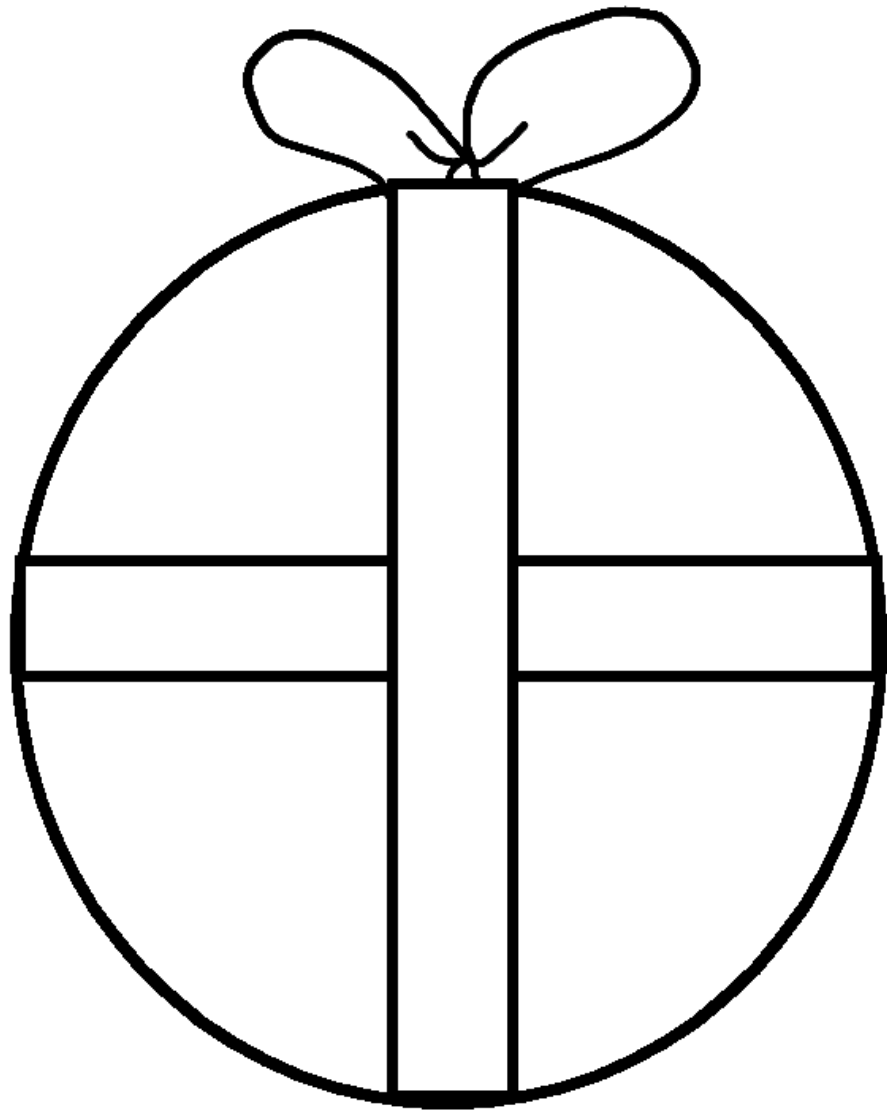

This trapezoid
shape present is
what I want please
and thank you.

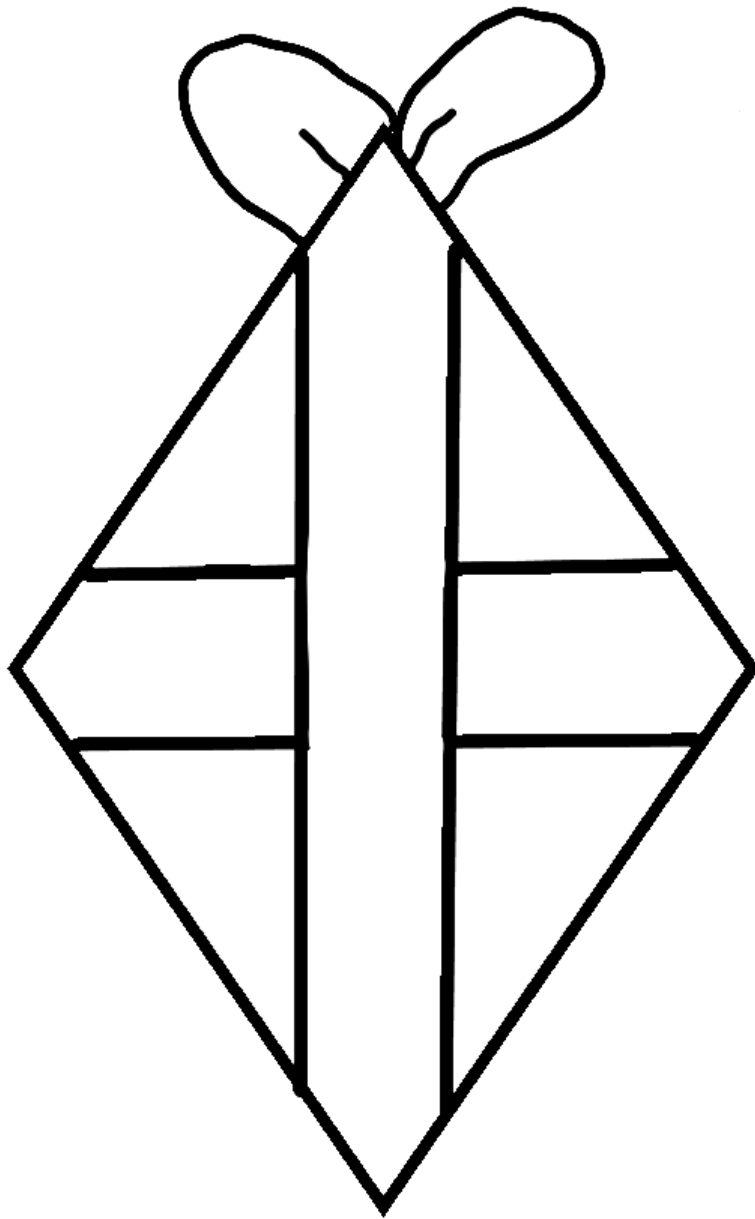

I saw a star shaped
present over there as of
this morning.

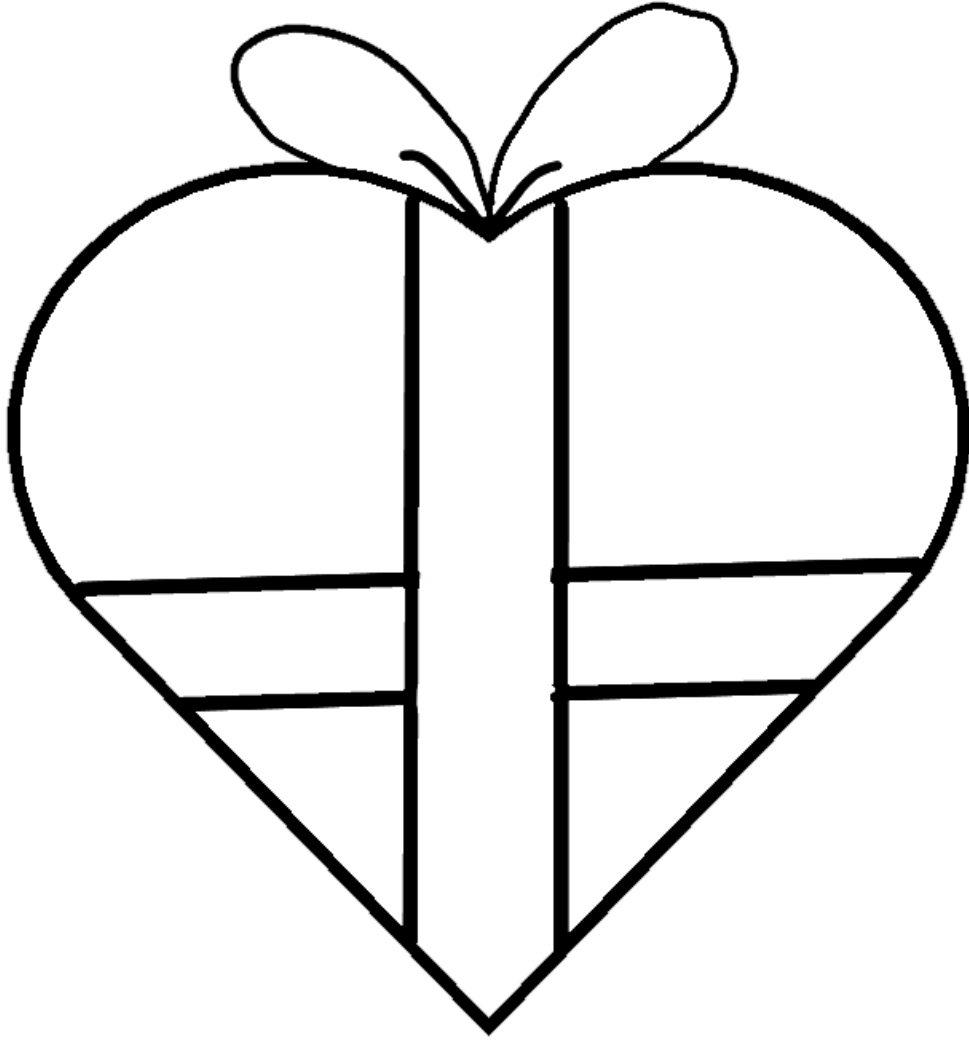

What kind of present is that? It is a triangle shaped present.

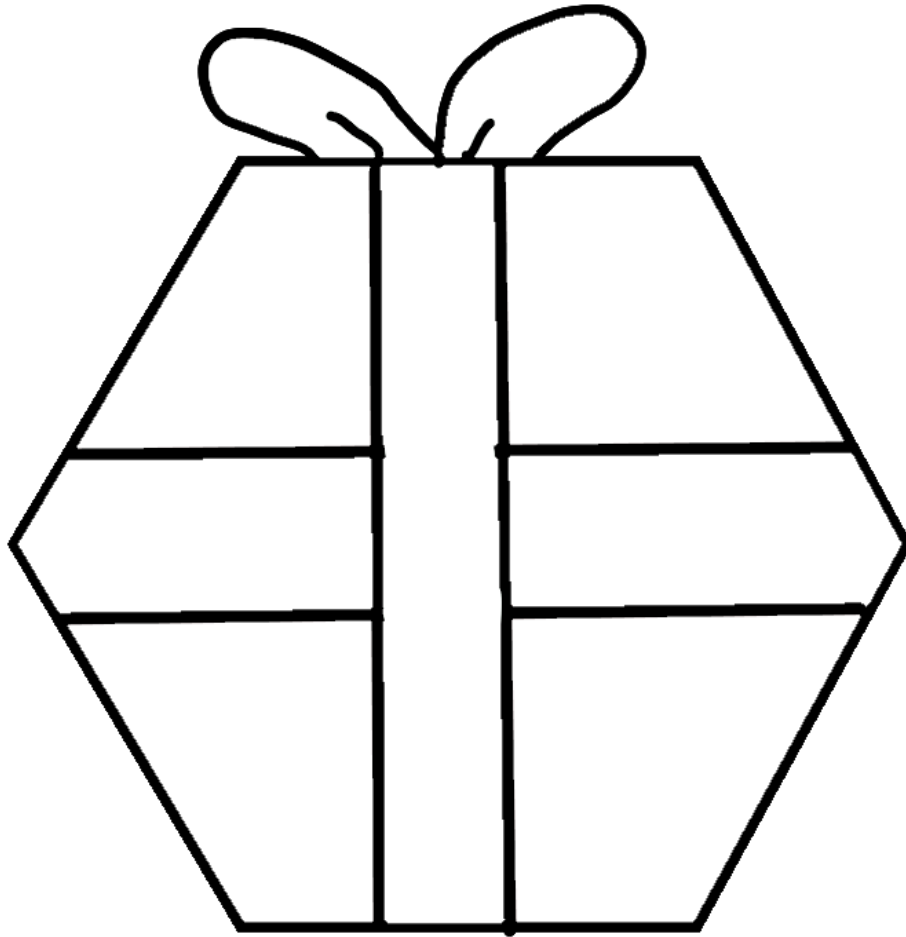

Please may I open
this circle shape
present soon?

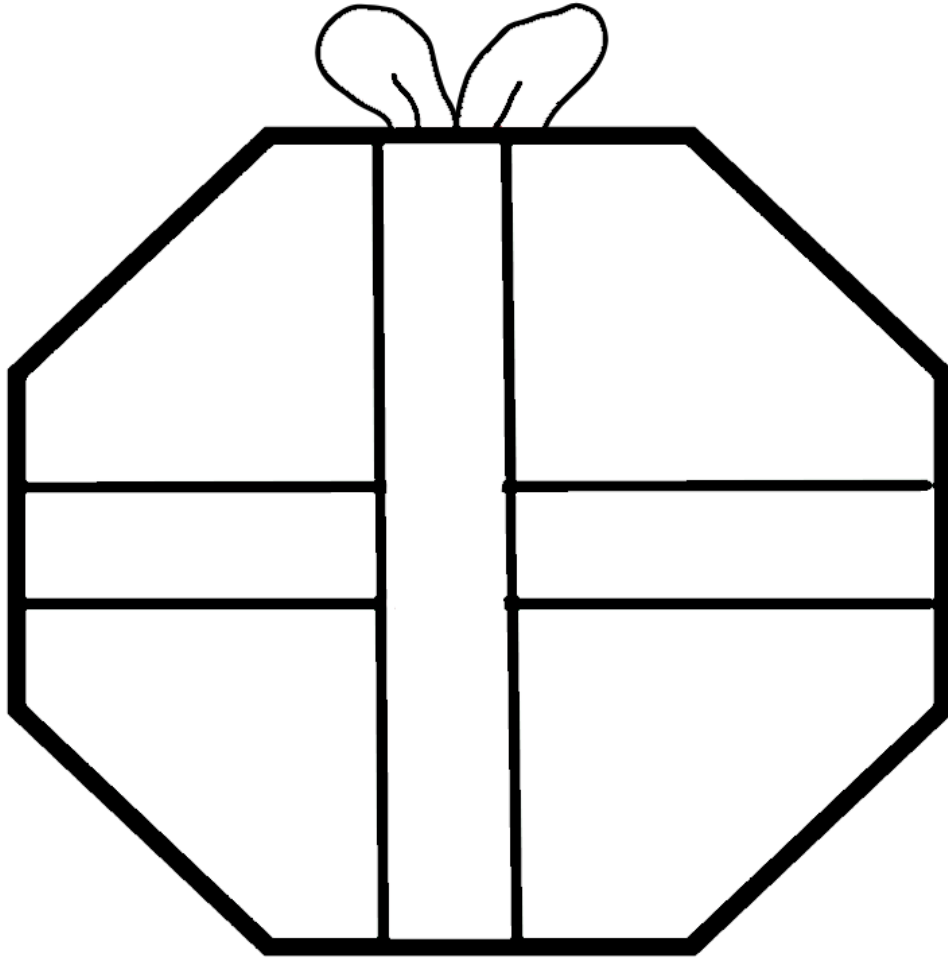

**Who saw the big diamond
shaped present that was
under the tree?**

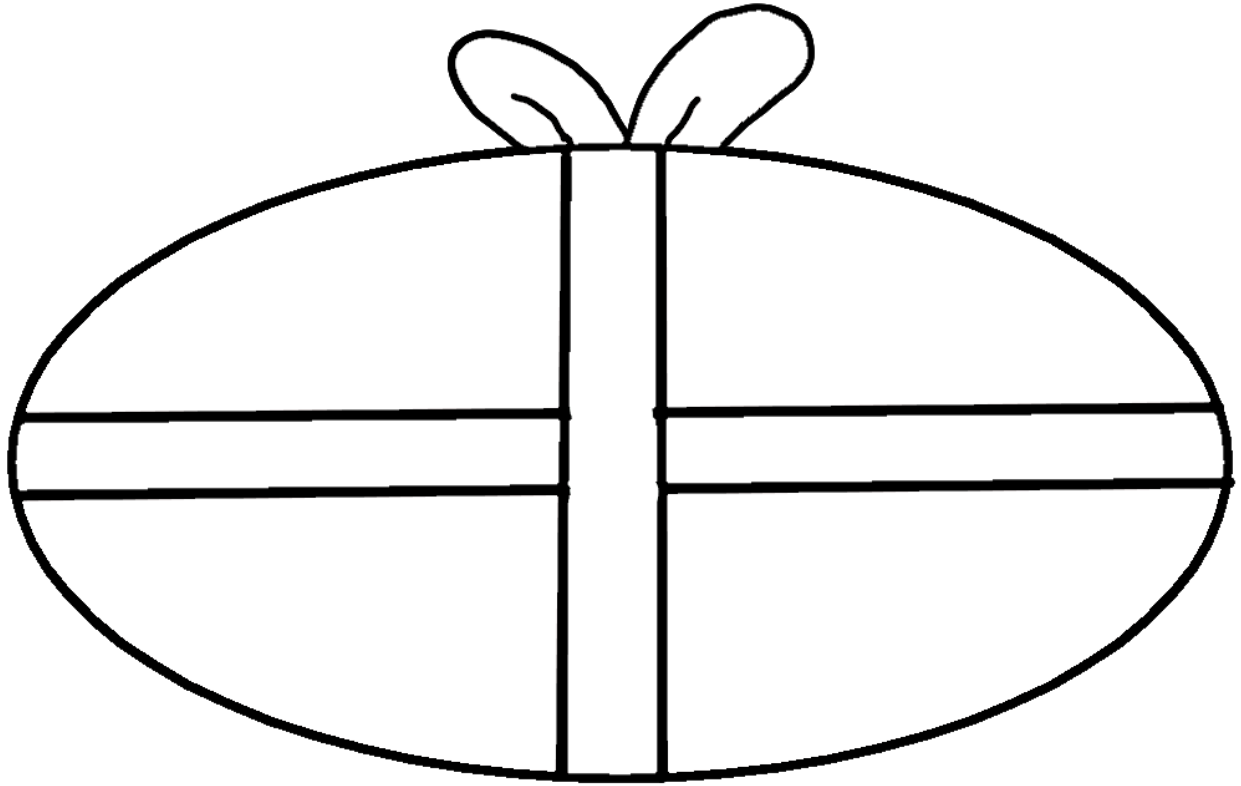

**Who is going to open this
heart shaped present
today?**

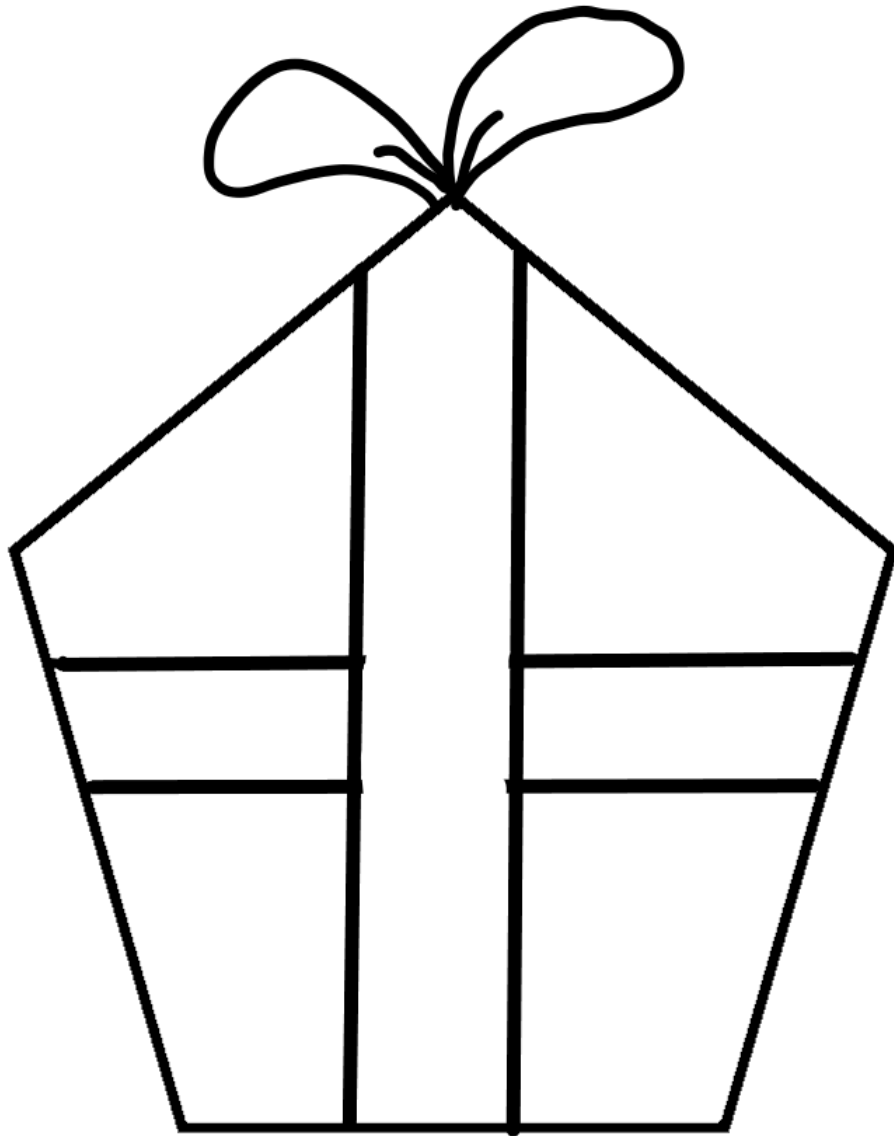

This hexagon
shaped present has
six sides.

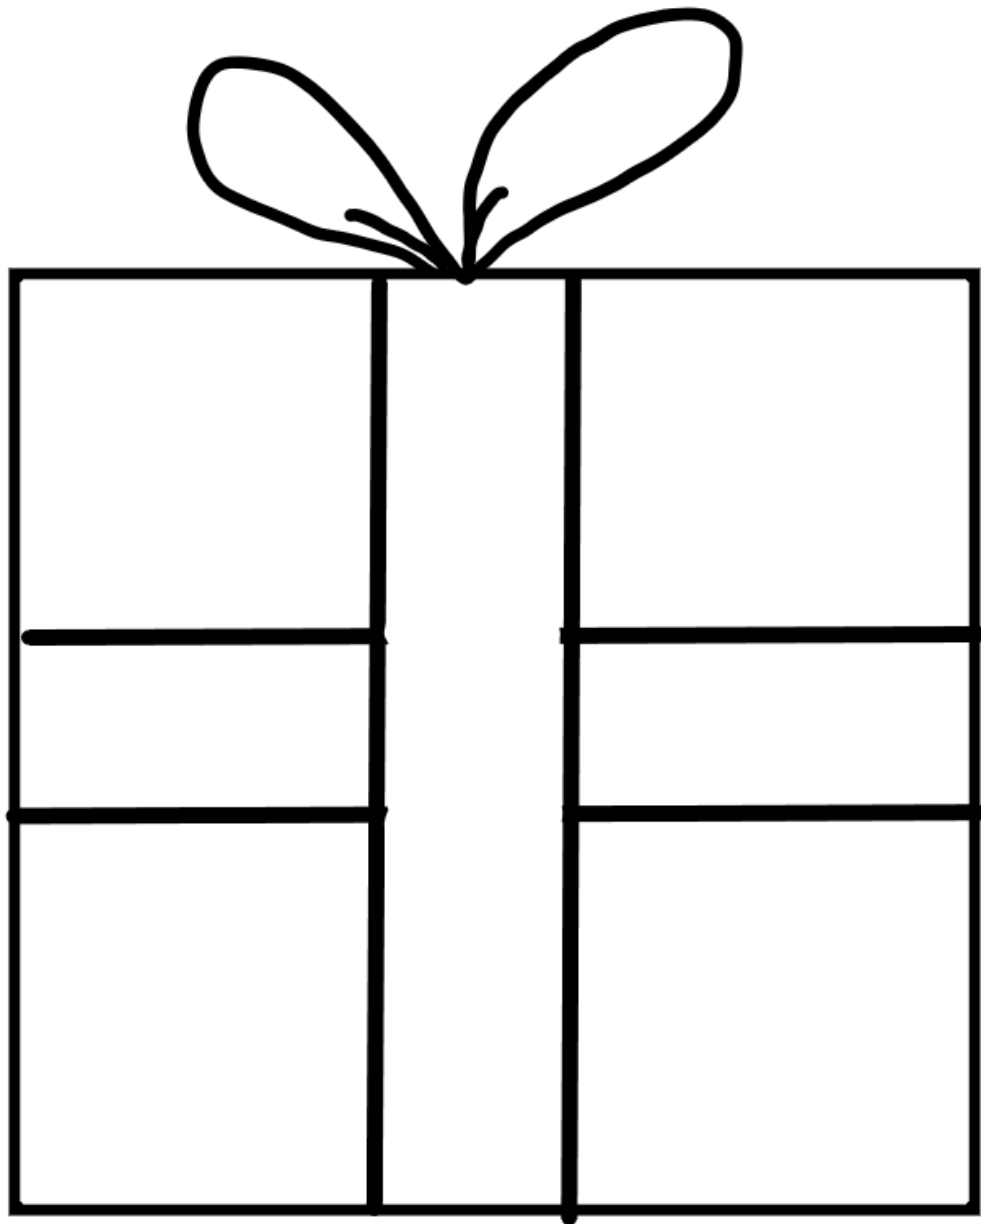

This octagon shaped
present has eight
sides.

After you open
that present, I will
open this oval
shaped present.

You must open this
pentagon shaped
present now.

I say you can take this square shaped present and open it at any time.
